

BERTHING ALLOCATION

- Please share this in advance with all skippers so they know where their berth will be. Attached is the berthing map for reference.
- Please share our 24/7 duty phone number with all skippers: **+971 50 404 1803**. Each skipper must call the marina 15-20 minutes prior to their arrival, so that the team can assist them.
- Upon entering the marina, they can proceed directly to their berth and our team will assist with any coordination with the Coast Guard.
- As mentioned, we have 32-amp three phase shore power sockets, please advise anyone with a 16-amp plug, to carry a spare 32-amp plug. Our team can assist to change them over if needed.
- Vessel #20 under Ivana and Alex is in a berth with 63-amp single phase, we can lend to them a 63-amp single phase plug to borrow.
- We will issue each boat an access card and a welcome letter on arrival. Please advise all skippers to return the access cards prior to departure.
- We will prepare all the sailing permits from RAK to Dubai and share them with all skippers at the Saturday night dinner.

SN	Berth	Vessel Name	Vessel DP	Skippers Name
1	A12	Lady Marmalade	DP1290	Lars Lind
2	B24	Southern Cross	DP2527	Tom Sherwin
3	A13	Aria	DP6250	Erwin De Wijs
4	B21	Mina Mia	DP2794	Sinan Ozcan
